Important Conditions and Limitations of the Service

Emergency Services

This service may not be appropriate if you require an uninterrupted phone service with access to 000 emergency services. Our service may not function in the event of a power failure. Priority Assistance is not available on this service.

This service may not provide accurate location data to emergency call operators. Resolver Group SIP Trunking can be accessed from anywhere with an internet connection and may be in use at an address which differs to that already registered with the Integrated Public Number Database (IPND). Emergency Services rely on the IPND to obtain location information. We will make every effort to

ensure the IPND database is kept up to date with the most recent address you provide us, and we ask that you keep us up to date with the address the service will be used from to ensure we can do so.

Customer Service Guarantee

This is an Over-the-Top Service and relies on a working internet connection which is not supplied by us and as such we are unable to guarantee the voice quality of the service. You can request a Direct Connection to our Network to guarantee Service Quality, however this will be at an additional charge.

Due to the nature of this this, we are not able to offer our service to you if you do not agree to waive your rights under the Customer Service Guarantee (CSG). We require all customers to sign a CSG Waiver before we are able to deliver the service.

Teletypewriter Equipment

Teletypewriter (TTY) equipment is not tested on Resolver Group SIP Trunking Services and as such we will not provide support for this use case.

Premium Rate Services

Calls to 19/1900 numbers are not available on the Resolver Group Network.

International Calls

International Calls are blocked by default on all new accounts. We can lift this restriction upon request. This restriction is put in place for your protection, and we recommend you only have it removed if you plan to make international calls. We offer the ability to enable only set international locations as an added protection.
